

BACK & BODY HEALTH

To our Patients:

EFFECTIVE JULY 1st the Alberta Health Care Insurance Plan has discontinued its partial support (\$14 per visit to a maximum \$200 per year) for Chiropractic services, shifting these costs to patients or their third-party insurers (i.e. Blue Cross). As a result, our patients (or their insurer) will be responsible for the full fee. Our treatment fees will reflect this change as of July 1st.

A number of patients will now be in a position to access their Chiropractic benefits through their extended health care insurance plans. Your employer, union or insurance company will be able to provide information about the coverage currently available under your plan.

If you have any questions please feel free to talk to either one of us directly.

Yours in Health,

Dr. Ryan Hoover
